

H-ISAC Traffic Light Protocol (TLP)

Classification	Target Audience
H-ISAC RED	Restricted to a defined group (e.g., only those present in a meeting or recipient of a defined group.) Information labeled RED should not be shared with anyone outside of the group.
H-ISAC AMBER	This information may be shared with H-ISAC members and H-ISAC member employees with a need to know. Generally, alerts with the H-ISAC AMBER classification will be kept behind the H-ISAC secure portal.
H-ISAC GREEN	Information within the GREEN category may be shared with H-ISAC members and trusted partners (e.g., CERTS, law enforcement, government agencies and other ISACs). Information in this category is not to be shared in public forums or over public channels.
H-ISAC WHITE	TLP WHITE information may be shared freely subject to standard copyright rules
